

The diagram illustrates a cross-sectional view of a device 2. It consists of two main rectangular sections, 10 and 11, which are separated by a central vertical layer 30. Section 10 is on the left and contains several sub-layers: 16 (top), 18 (middle), 22 (bottom), and 28 (a circular feature on the left). A small rectangular feature 60 is located on the bottom layer 22. A connection point 34 is shown at the bottom of section 10. Section 11 is on the right and contains sub-layers 12 (top), 14 (middle), 24 (bottom), and 26 (a circular feature on the right). A small rectangular feature 62 is located on the bottom layer 24. A central vertical layer 32 is positioned between the two sections. The entire assembly is labeled with the reference numeral 2.
